Surveillance Never Sleeps: Technologies of the New Real

Kroker, Arthur; Kroker, Marilouise

http://hdl.handle.net/1828/7068

Date: 2015

Abstract:

Surveillance Never Sleeps is a new way of looking at the human impact of technology in the twenty-first century. Here, four critical intersections of technology and society—drones, surveillance, DIY bodies, and recent innovations in robotic technologies—are explored for what they have to tell us about the "new real" of digital culture.
