Early Childhood Special Education - 0 to 8 Years: Strategies for Positive Outcomes

Sharon A. Raver, Old Dominion University

Description
Featuring the application of evidence-based strategies, ecological and family-based approaches, effective learning, and the use of responsive cultural/linguistic practices, Early Childhood Education (0-8 Years): Strategies for Positive Outcomes prepares students for all the professional knowledge and skill competencies they need to promote optimal development in infant and toddlers (0-3), preschoolers (3-5), and primary-aged (6-8) children with special needs. Using real-life case studies to illustrate recommended practices, the book clearly presents disability characteristics, assessment practices, and easy-to-implement interventions for inclusive and special education settings, while giving students all the resources they need to master and apply the material...
